

Steps and Information Needed in Payment Integration:

1. PayPal Gateway

API Needed: API Username, API Password and API Signature

Steps on how to get PayPal API Credentials:

1. Login to your PayPal account

Link: https://www.paypal.com/signin/?country.x=US&locale.x=en_US

2. Click profile on the upper right part

3. Select and click "profile and settings"

4. On the left part under My profile select and click "My setting tools"

5. Under my business setup find API access

6. Click update in the right part of API Access

7. Under API Access find option 3 (NVP/SOAP API integration)

8. Under option 3 find "Request API Credentials" then click it

9. Under Credential API Signature

10. Click show and get the **API Username**, **API Password** and **Signature**

2. Stripe Gateway

- Login Account (Username & Password)
- Publishable key and Secret Key

Steps on how to get Key Credentials:

1. Login to <https://dashboard.stripe.com/login>

2. Click "API" menu on left navigation area

3. Under Standard API keys, get the "**Publishable key**" and "**Secret Key**"

3. Payeezy Gateway

- Login Account (Username & Password)
- Key ID, Hmac Key, Password and Gateway ID

Steps on how to get Credentials:

1. Login to your Payeezy account

Link: <https://globalgatewaye4.firstdata.com/>

2. Click Terminals under Tasks on Home menu

3. Select a terminal from the list

4. Click "API Access" tab and get the following information:

- **Key ID** and **Hmac Key** (Click "Generate New Key" then copy the code)

5. Click "Details" tab and get the following information:

- **Gateway ID** and **Password** (Click "Generate" link then copy the code)

Note: Do not forget to click "Update" button so that the changes made in generating the credential will be saved.

4. Authorize.net

- Login Account (Username & Password)
- Transaction Key

Steps on how to get Transaction Key:

1. Login to your Authorize.net account
Link: <https://account.authorize.net/>
2. Click Account from the main toolbar
3. Click Settings in the main left-side menu
4. Click API Credentials & Keys
5. Enter your Secret Answer
6. Select New Transaction Key
7. Click Submit to continue
8. Get **Transaction Key**

Note: Any other payment gateway that are not mentioned above, will be checked first by the SP Team if it is doable.
